Sir,

I have the honour to submit, by direction of the Chief of Kurundvad (Senior) State, the Annual Administration Report of the Kurundvad State (S. B.) for the Administrative year ending 31 st March 1916 and the financial year ending 2nd June 1916.

2. The statements as per list accompany.

CHAPTER I.

General and Political

3. The political relations between the British Government and the State were as cordial as ever.

4. The State is divided for administrative purposes into three Talukas viz:— Kurundvad and Angol situated in the Belgaum District, and Tikota situated in the Bijapur District. One village of Kurundvad Taluka is situated in the Satara District. The State has an area of 182·5 square miles and it's population according to the census of 1911 is 38375 souls. The average gross revenue of the State excluding Inam alienations amounts to Rs. 169021-12-6. This figure includes the revenue of the Chiefsahib's Sheri lands and Inam villages

situate in the State and Inam and other property situate elsewhere as well.

5. The State pays to the British Government an annual tribute of Rs. 9618-12-0. Out of this sum Rs. 1193-9-3 are deducted on account of the yearly fixed compensation to be paid by the British Government to the State for the prohibition of the manufacture of earth-salt at Tikota, and the exact amount paid to the British Government is Rs. 8425-2-9 [vide Bombay Government Resolution No. 8101 dated 3rd November 1900].

6. The Chiefsahib, Meherban Bhalchandrarao Chintaman alias Annasahib Patwardhan is a Kokanastha Brahmin by caste and is 43 years old. He is an Art-graduate of the Allahabad university and a Sanskrit Medalist of the same. His wife Shrimati Soubhagyawati Yeshodabaisahib comes of the Mujumdar Family of Baroda. The Chiefsahib's step-sister Shrimati Yamutai alias Akkasahib is 8 years old and is taken care of, at the request of the Chiefsahib, by Meherban Babasahib, the Chief of Miraj Junior who is her natural brother.

7. The Chiefsahib had been ailing from some kidney disease and with a view to undergo treatment and take a well-earned rest as well, he delegated from the 20 th of December 1915, pending further orders, all his Judicial and Muiki powers to me reserving for himself the powers of the Local Government. The Chiefsahib had an attack of paralysis of the right side on the night of the 31 st of January 1916 and was immediately placed under medical treatment. His case appeared to be somewhat critical for the first three days of his illness since when he has been showing gradual improvement. He had been to Angol for a change of climate by the end of March and remained there till the middle of May. He is still under treatment and I have been exercising the powers delegated to me to the date of the report. The subjects of the State were very anxious for the health of the Chiefsahib and they assembled in a public meeting held at Kurundvad under my chairmanship on the 30 th of April 1916 and resolved to present an address to the Chiefsahib congratulating him on his recovery. A general committee under the Chairmanship of Mr. R. K. Patwardhan, a pleader of the State was formed with sub-committees for three Talukas of the State to carry out the resolution above referred to. The event ultimately took place on the 24 th of June 1916 when nearly six thousand subjects of the State from Kurundvad and from the Mofussil had assembled. An address was presented to the Chiefsahib which received a suitable reply from the Chiefsahib. In the reply the Chiefsahib announced among other things an extension in the Educational programme of the State within the course of the next five years, the opening of a new dispensary at Uchgaon for the

Angol Taluka, and the introduction of advancing Tagai loans on a systematic basis for land improvement.

8 The subjects of the State assembled in public meeting on the 4 th of August 1915 under the Chairman-ship of the Chiefsahib and resolved to continue to support the British Government till the Government emerged victorious from the European war. The Chiefsahib contributed Rs 1500 and the subjects of the State Rs. 2254-6-2 to the War Relief Fund. The Ranisahib contributed Rs. 500 to women's Branch of the war Relief Fund. The Chiefsahib contributed Rs. 100 to the Belgium Relief Fund. The sad news of the Imperial loss on account of the death of Lord Kitchner, while en route to Russia, were received on the 9 th of June 1916 with the deepest concern by the subjects of the State and all the Offices and the Schools were ordered to remain closed for a day as a mark of respect for the late Field-marshal. A telegram was sent by me to the Resident, Kolhapur and, Political Agent, S. M. C. States expressing the sense of regret on behalf of the State and the State's subjects on account of the death of Lord Kitchner and I had the honour to receive the thanks of Government for the same.

9 The Chiefsahib contributed Rs. 1000 towards the Bombay Branch of the Lady Hardinge Memorial Fund for a women's College of medicine at Delhi.

10. During the year of report the Chiefsahib had been to Bombay and Poona in connection with the work of the Legislative Council. While there, he paid visits to Their Excellencies the Governor of Bombay and Lady Willingdon, to the members of the Executive Council of the Governor of Bombay and to the other High Officials of Government.

11. The Resident, Kolhapur and Political Agent, S. M. C. States visited Angol in the month of January and Major O' Brien, the late Assistant Political Agent, S. M. Country visited Kurundvad in the month of November and Angol Taluka in the month of March.

12. Appendix I gives the names of the High Officials of the State.

13. The Judicial and Mulki powers of the Chiefsahib having been delegated to me since the 20 th of December 1915. (as mentioned in para 7) Mr. A. H. Mhaiskar, B. A. L. L. B. the Huzur Chitnis was invested with the powers of the Sir-Nyayadhish [District Judge], appellate and revisional powers of the District Magistrate and with some powers of the Collector. He has been exercising those powers to the date of report with an interval of one month when he went on leave on account of sickness.

14. The Nyayadhish Mr. V. L. Kulkarni had been on leave for three months viz:- January to March on account of sickness. Mr. M. K. Chhatre, the Huzur Record-keeper and the acting Shaladhikari was invested with the powers of the Nyayadhish for emergency purposes only and Mr. A. H. Mhaiskar was invested with the powers of a Magistrate first Class during the period of leave of Mr. V. L. Kulkarni. These changes have told upon the results of the working of the Courts and consequently the work of the Courts affected by these changes was found to be in arrears. Strict orders have been issued to the Courts concerned to expedite the work remaining in arrears.

15. Mr. R. V. Kulkarni Mamlatdar, 2 nd Class Magistrate and 2nd Class Sub-judge of the Tikota Taluka resigned owing to ill-health on 21-7-15. Mr. A. V. Khasnis B. A. L. L. B. a former employee of the State was appointed in his stead. He took charge of the office on 24-7-1915.

21 The total land under cultivation in the State was acres 99951–25–13 against acres 100021–28–13 of the past year. The discrepancy of acres 10–36–8 is due to an increase in the area of the village of Ganeshpur as corrected last year at the time of the survey of the same village.

From,

V. G. Sovani, Esquire, B. A. L. L. B.

State Karbhari, Kurundwad (Senior).

To,

Lt.-Col. J. K. Condon,

Assistant, Political Agent,

S. M. Country,

State Karbhari's Office,

Kurundwad 12th July 1917.

Sir,

1 have the honour to submit, by direction of the Chief-saheb of Kurundwad (Senior) State, the Annual Administration Report of the Kurundwad (Senior) State for the administrative year ending 31st March 1917 and the financial year ending 2nd June 1917.

2 The statements as per list accompany.

CHAPTER I

General and Political.

3 The political relations between the British Government and this State were as cordial as ever.

4 The State is divided for administrative purposes into 3 Talukas viz:- Kurundwad and Angol situated in the Belgaum District, and Tikota situated in the Bijapur District. One village of the Kurundwad Taluka is situated in the Satara District. The State has an area of 182·5 square miles and it's population according to the census of 1911 is 38366 souls. The average gross revenue of the State excluding Inam alienations amounts to Rs. 169614-6-11. This figure includes the Chief-saheb's Sheri lands and Inam villages in the State and Inam and other property situate elsewhere as well.

5 The State pays to the British Government an annual tribute of Rs. 9618-12-0. Out of this sum Rs. 1193-9-3 are deducted on account of the yearly fixed compensation to be paid by the British Government to the State for the prohibition of the manufacture of earth-salt at Tikota, and the exact amount paid to the British Government is Rs. 8425-2-9 (vide Bombay Government Resolution No. 8101 dated 3rd November 1900).

6. The Chief-saheb, Meherban Bhalchandrarao Chintaman alias Annasaheb Patwardhan is a Konkanastha Brahmin by caste and is 44 years old. He is an Art-graduate of the Allahabad University and a Medalist in Sanskrit of the same. The Raneesaheb Shrimati Soubhagyawati Yeshodabai-saheb comes of the Mujumdar family of Baroda. The Chief-saheb's step-sister Yamutai alias Akkasaheb is 9 years old and is taken care of, at the request of the Chief-saheb, by Meherban Babasaheb, the Chief-saheb of Miraj (Junior) State who is her natural brother.

7. The Residents of Kurundwad proper with the previous approbation of the residents of the remaining villages of the State, convened a public meeting on the 29th of March 1917 under the Chairmanship of the Chief-saheb and unanimously resolved to subscribe to the War-Loan opened by the Government of India and in order to give effect to this resolution they formed in the same meeting a General Committee and Taluka Sub-committees consisting of officials and non-officials to impress upon the minds of the people the advisability of investing their money into the War-Loan and to collect the subscription on a systematic basis. Accordingly Rs. 34000 are expected to be subscribed by the subjects of the State to the War-Loan.

8. The servants of the State have been given financial facilities by the State to subscribe towards the War-Loan through the Post Office and their total subscription is expected to amount to Rs. 6000 .

9. The Kurundwad Municipality has resolved to invest Rs. 5000 from it's balance in War-Bonds and is expected to do so very shortly through the Post Office.

10. By the beginning of the year under report the State had invested Rs. 16000 in the Government of India 4 P. C. Conversion Loan raised during the year 1916-17. With a view to have this Loan converted in the 5 P. C. War-Loan raised during the year 1917-18, it invested Rs. 10165 in the 5 P. C. War-Loan and Rs. 84000 in 5½ P. C. War Bonds, Rs. 6000 having been further invested in 5½ P. C. War-Bonds through the Womens' Branch of the War-Loan Committee on behalf of the Raneesaheb. The State has thus invested Rs. 116165 in the War-Loan in it's 2 sections & when ultimately the

previous Loan is converted the State will hold securities of Rs. 25500 of the Terminable 5 P. C. Loan and 5½ P. C. War-Bonds of Rs. 90000 making a total of securities of Rs. 115500.

11. The total contribution to the Loan from the State from these sources is thus expected to amount as follows:—

Rs. 116 165	From the State.
Rs. 5 000	From the Kurundwad Municipality
Rs. 6 000	From the State servants.
Rs. 34 000	From the State subjects.
Rs. 161 165	Total

12. The Chief-saheb contributed Rs. 1500 and the subjects of the State Rs. 2000 to the War Relief Fund. The Raneesaheb contributed Rs. 500 to the Womens' Branch of the War Relief Fund.

13. The Resident, Kolhapur & Political Agent, S. M. Country States visited Kurundwad in the Month of December 1916 while you visited the same in the month of March 1917.

14. Appendix I gives the names of High Officials in the State.

15. As mentioned in para 7 of the last year's report, I continued to exercise all the Judicial & Mulki powers of the Chief-saheb till the 31st of December 1916. By that time the Chief-saheb being sufficiently recovered, took over the charge of the Mulki powers on the 1st of January 1917, the Judicial powers remaining with me. Mr. Anant Hari Mhaiskar, B. A. L. L. B. the Huzur Chitnis, therefore, continued to exercise the powers of the Sir-Nyayadhish, the Appellate & Revisional powers of the District Magistrate as Sub-Divisional Magistrate 1st Class and some powers of the Collector.

16. Mr. Narayan Dattatraya Kulkarni Mamlatdar & 2nd Class Magistrate Taluka Kurundwad and Khasgi Karbhari, died on the 24th of January 1917. The Aval-karkun of that Taluka named Krishnaji Bhimaji Suryaban was appointed to act as Mamlatdar and 3rd Class Magistrate Taluka Kurundwad and Khasgi Karbhari from the same day until further orders. He remained in this office until the end of the year of report.

CHAPTER II.

Administration of Land.

17. The lands of Kurundwad and Ganeshpur were surveyed and assessed in the year 1322 Fasli and were brought under settlement extending to the Fasli year 1354. All other lands were surveyed and assessed partly in the year 1887 and partly in 1896 and with the exception of two Dumala villages in the Angol Taluka and Majrewadi in the Kurundwad Taluka were brought under settlement extending to the last year. The operations of the revision survey of the lands of those villages were undertaken by the Survey Department of the British Government in the year of report. They are expected to be completed in the current year.

18. During the year acres 7–5–0 of waste land were brought under cultivation and acres 1–13–0 were given to extension of the site of the village of Alarwad. At the end of the year, therefore, there remained acres 6257–30–0 as waste land.

20. Takwai advances of Rs. 12000 and remission of Rs. 12284 - 7 - 8 were given to the rayats during the year of report.

21. The total land under cultivation in the State was acres 99946 - 1 - 13 against 99951 - 25 - 13 of the last year. The variation is due to the following facts:–

Acres 7 - 5 - 0 of waste land were brought under cultivation (vide para 18).

Acres 2 - 22 - 0 of Kharab land were brought under cultivation.

Acres 15 - 11 - 0 of cultivated land were handed over to the Forest Department.

The total land revenue collection of the demand of the year inclusive of the collection of the arrears of past years amounted to Rs. 170207 - 9 - 4 against Rs. 190184 - 12 - 3½ of the last year.

23. 758 against 454 notices of demand were issued during the year. In one case only the arrears were recovered by the sale of land.

24. Thorough inspection of boundary marks was made of about 100 survey numbers of Kurundwad proper, of all the villages in Kurundwad Taluka and 6 villages in the Angol Taluka.

25. At the time of Survey Settlement of the years 1887 & 1896 much arable land had remained unoccupied probably owing to absence of demand and it's cultivation continued to be managed departmentally by the temporary leases &c. During the last 2 or 3 years the land was found to be in demand and consequently during the year under review the occupancy rights over lands amounting to acres 1784–30–8 and assessed at Rs. 2259-2-8 were disposed of in public auctions. The occupancy price being made payable in 4 instalments. The net amount of such occupancy price of the lands disposed of till the end of the fasli year 1326 amounted to Rs. 228422 and more than ¼ of the same has been realised.

No. 280 of 1918.

From,

V. G. Sovani, Esquire, B. A. L. L. B,

State Karbhari, Kurundwad (Senior).

To.

Lt.-Col. J. K. Condon,

Assistant Political Agent,

S. M. Country.

State Karbhari's Office,

Kurundwad 10th July 1918.

Sir,

I have the honour to submit, by the direction of the Chief-Sahib of Kurundwad (Senior) State, the Annual Administration Report of the Kurundwad [Senior] State for the administrative year ending 31st March 1918 and the financial year ending 2nd June 1918.

2 The statements as per list accompany.

CHAPTER I

General and Political.

3 The Political relations between the British Government and this State were as cordial as ever.

4 The State is divided for administrative purposes into 3 Talukas viz:--Kurundwad and Angol situated in the Belgaum District, and Tikota situated in the Bijapur District. One village of the Kurundwad Taluka is situate in the Satara District. The State has an area of 182.5 square miles, and it's population according to the census of 1911 is 38366 souls. The gross revenue of the State excluding Inam alienations based on an average of past five years comes to Rs. 172,044-8-7. This figure includes the Chief-sahib's Sheri lands and Inam villages in the State and Inam and other property situate elsewhere as well.

5 The State pays to the British Government an annual tribute of Rs. 9618-12-0. Out of this sum Rs. 1193-9-3 are deducted on account of the yearly fixed compensation to be paid by the British Government to the State for the prohibition of the manufacture of earth-salt at Tikota and the exact amount paid to the British Government is Rs. 8425-2-9 (vide Bombay Government Resolution No. 8101 dated 3rd November 1900).

6 The Chief-sahib, Meherban Bhalchadrarao Chintaman alias Annasahib Patwardhan, is a Konkanstha Brahmin by caste and is 45 years old. He is an Art-Graduate of the Allahabad University and a Medalist in Sanskrit of the same. The Raneesahib, Shrimati Soubhagyawati Yeshodabaisahib comes of the Muzumdar family of Baroda.

7 In para 11 of the last year's report it was shown that Rs. 161165 were expected to be the State's total contribution in the last year's War Loan. The actual figure of the State's and its subjects' contribution amounted to Rs. 175376. This increase was due to Rs. 3000 and 11000 being contributed more than was anticipated by the State servants and the subjects of the State respectively.

8 The Chiefsahib contributed Rs. 1500 and the subjects of the State Rs. 2000 to the War Relief Fund. The Raneesahib contributed Rs. 500 to the Women's Branch of the War Relief Fund.

9 Rs. 1000 were contributed to the " Our Day " fund by the State and its subjects.

10 You visited Kurundwad in the month of November 1917.

11 Appendix I gives the names of the High Officials in the State.

12 As mentioned in para 15 of the last year's report, I continued to exercise all the Judicial powers of the Chief-sahib till the end of the administrative year i. e. 31st of March 1918.

CHAPTER II

Administration of Land.

13 The lands of Kurundwad and Ganeshpur were surveyed and assessed in the year 1322 Fasli, and were brought under settlement extending to the end of Fasli year 1356. The lands of the remaining villages were surveyed and assessed partly in the year 1887 and partly in 1896 and with the exception of two Dumala villages in the Angol Taluka and Majrewadi in the Kurundwad Taluka, were brought under settlement extending to the end of Fasli year 1325. The operations of

the revision survey of the lands of these villages were completed by the Survey Department of the British Government during the year of report. Revision survey settlement was introduced in the Tikota Taluka and in those villages of the Kurundwad Taluka of which the period of the Original Survey Settlement had expired—the period of the revision survey settlement extending to the end of the Fasli year 1356. The introduction of the Revision Survey Settlement in the Angol Taluka is expected to take place during the current year.

14 Tikota with its 7 Majres administered as one revenue unit was found to be too large for administrative purposes. Taking advantage of the operations of the Revision Survey Settlement this unit was split up in 3 revenue units; the number of revenue units thus becomes 39 against 37 of the previous years from the beginning of the current year.

15 During the year acres 130-15-0 of waste land were brought under cultivation, acres 72 of land reckoned as waste land, but really used as Gayaran were definitely assigned as Gayaran and acres 1454-6-0 of waste land were reserved for experimental purposes in agriculture and agricultural machinery, while acres 10-26 reckoned through mistake as assigned for particular purposes and acres 73-30-0 given up by cultivators were added to waste lands. Thus at the end of the year of report there remained acres 4685-25-0 as waste land.

16 Of the boundary disputes mentioned in the last year's report the one, between Angol and Belgaum, was settled during the year, while those between Angol & Wadgaon, and between Tikota and Dashal are still unsettled. There arose new boundary dispute during the year of report between Ganeshpur and Kagwad which remained unsettled at the close of the year.

17 No Takwai advances were given but remission of Rs. 1530-7-0 was given to the rayats during the year of report.

18 The total land under cultivation in the State was acres 99854-31-13 against acres 99946-1-13 of the last year. The variation is due to the following facts:—

Acres 130-5-0 of waste land were brought under cultivation.

3-20-0 of land formed by alluvion &c. were brought under cultivation.

146-5-0 of land under cultivation were reserved for experimental purposes.

" 73-30-0 of land under cultivation were given up by the cultivators.

" 5-10-0 of land under cultivation were found out in the revision survey settlement to be dug up for new wells, &c.

19. 586 against 758 notices of demand were issued during the year. In no cases the arrears were recovered by the sale of land.

20 Inspection of boundary marks was made in all the villages of the 3 Talukas of the State.

CHAPTER IV.

Production and Distribution.

66 Appendix XVII shows the figures of rainfall registered at the reporting stations of the State. The rain-fall in the Kurundwad and Tikota Talukas was just sufficient but it was excessive in tne Angol Taluka at the time of harvesting of rice crops and so it damaged the crops to some extent.

67 The daily wages of the skilled & unskilled labour at the Taluka Stations were as follows:-

	Kurundwad	Angol	Tikota
Carpenter	Re. 1	Re. 1	Re. 1
Mason	As. 14	As. 14	As. 12
Coolie (male)	As. 8	As. 6	As. 8
Coolie (female)	As. 6	As. 4	As. 6
Coolie (child)	As 4	As 3	As. 4

68 The prices of staple food grains during the year are shown in Appendix XVIII.

69 The forest of the State is situated in the Angol Taluka and is comprised in 2 distinct areas. The first comprises 7 forest blocks which are scattered in 7 adjacent villages of Uchagaon Karyat. The chief sources of income in them are Harda fruit, fire-wood and grass. The second area is situated at Malbemardi. The one source of income from this area is to let the land for cattle grazing. The total area of the forest is acres 2798-10 0. The revenue of the forest during the year was Rs. 1701-14-6 and the expenditure on account of the department was Rs. 1205-9-3 as shown by the accounts adjusted upto the end of the year.

The later excessive rains damaged to some extent the rice crops in the Angol Taluka. The outturn of cotton in the Kurundwad and Tikota Talukas was satisfactory and the abnormally high prices of cotton improved the condition of the agriculturists. The high prices of the cereals, cloth & kerosine oil owing to the shortage of supply coupled with the enhancement in the rates of the wages of artisans and labouring classes, specially affected very seriously the middle classes. Plague broke out in all the Talukas during the year but the type was mild.

From,

State Karbhari, Kurundwad (Senior).

To.

Lt--Col. H. Harrison,

Assistant Political Agent,

S. M. Country.

State Karbhari's Office.

Kurundwad 12 th July 1920.

Sir,

I have the honour to submit, by the direction of the Chiefsaheb of Kurundwad (Senior) State, the Annual Administration Report of the Kurundwad (Senior) State for the administrative year ending 31 st March 1920 and the financial year ending 2nd June 1920.

2. The Statements as per list accompany.

CHAPTER I

General and Political.

3 The Political relations between the British Government and the State were as cordial as ever. The announcement, that His Royal Highness the Prince of Wales is coming to visit INDIA during the current year, was hailed as the most auspicious event coming after the conclusion of the War.

4. The State is divided for administrative purposes into three Talukas viz:--Kurundwad and Angol situate in the Belgaum District, and Tikota situate in the Bijapur District. One village of Kurundwad Taluka is situated in the Satara District. The State has an area of 182. 5 square miles and its population according to the Census of 1911 is 38366 souls. The gross revenue of the State excluding Inam alienations based on an

average of the past 5 years comes to Rs. 166317. This figure include the income from the Chief-saheb's Sheri and Inam lands in the State and the Inam and other property situate elsewhere as well.

5. The State paid to the British Government the annual tribute of about Rs. 9619. Out of this sum about Rs 1194 were deducted on account of the annual fixed compensation to be paid by the British Government to the State for the prohibition of the manufacture of earth--salt at Tikota and the exact amount, actually paid on this account amounted to about Rs. 8425. (Vide Bombay Government Resolution No. 8101 dated 3rd November 1900).

6. The Chief-Saheb, Meherban Bhalchandrarao Chintaman alias Annasaheb Patwardhan is a Konkanastha Brahmin by caste and is 47 years old. He is an Art-Graduate of the Allahabad University and a Medalist in Sanskrit of the same. The Raneesaheb, Shrimati Soubhagyavati Yashodabaisaheb coming from the Muzumdar Family of Baroda died at about 2 A. M. on 11th of December 1919 after a short illness. The event sent a wave of gloom throughout the whole State as the late Raneesaheb ever since her connection with the State, a period of nearly 38 years, was throughout very sympathetic towards the subjects of the State. The late Raneesaheb left no issue behind her and the Chief-saheb was, therefore, extremely pressed by the subjects of the State to get himself married again. The Chief-saheb thereupon married Shrimati Soubhagyavati Sitabaisaheb alias Maisaheb from the Kale Family of Poona on the 15th of February 1920.

7. War allowances were continued to be paid to the State servants from 1st April 1919 to the end of January 1920. High prices being found to be still current the allowances have been again sanctioned since the beginning of the current financial year.

8. The Chief-saheb had been to Kolhapur to receive Their Excellencies Sir G. A. Lloyd, the Governor of Bombay, and Lady Lloyd on the 30th of July 1919 when their Excellencies visited Kolhapur. The Chief-saheb had a short interview with His Excellency on the 31st of July 1919.

9. Lt Col. F. W. Wodehouse C. I. E., Resident, Kolhapur and Political Agent S. M. C. States visited Kurundwad on the 7th of November 1919 when he was kind enough to lay the corner stone of the Wodehouse Market and Municipal Office, Kurundwad. The Chiefsaheb is extremely thankful to the Government of Bombay and Lt. Col. F. W. Wodehouse C. I. E. for permitting the above building to be associated with the name of Lt. Col. F. W. Wodehouse. Lt. Col. C. F. Harold

came here on tour with Mrs. Harold and they both were kind enough to grace the occasion by their presence. You were unable to come down here and were kind enough to wish every success to the ceremony. Lt. Col. F. W. Wodehouse C. I. E., Resident, Kolhapur and Political Agent S. M. C. States paid a short visit to Angol on 21st January 1920.

10. Appendix I gives the names of the High Officials in the State.

11. Since the 19th of February 1920 I was placed on special duty in the State for nearly 2 months. Mr. S. R. Kulkarni B. A. L. L. B. acted for me. I resumed charge of the office on the 26th of April 1920. Mr. Antaji Yashavant Wasagadekar, Mamlatdar, 2nd Class Magistrate and 2nd Class Sub-Judge, Angol, died on 26th February 1920 and the Avalkarkun continued to act for him till the 31st March 1920.
